Statement of Need

Please describe the need for this project. For example, how will this project impact student learning?

Actually getting to experience history through hands on activities will enhance the students' learning.

This field trip is a round trip of 110 miles to the Big Horn County Museum. To take two buses to this location will cost approximately \$600 to pay for buses and drivers' time.

This project will impact student learning so much more than just reading about life as it was in the mid-1900's in Montana. Most of these students live in an urban setting in Billings and haven't had the opportunity to make butter, experience a one room school house, make ropes etc.. Along with that, they will get to connect to the Native American culture by setting up a Crow tee-pee and playing games that would have been played back then.

Primary Goal

Please describe the primary goal of the project and how it blends with School District 2 goals and curriculum.

MT.4. Students demonstrate an understanding of the effects of time, continuity, and change on historical and future perspectives and relationships.

The primary goal for students is to have an opportunity to experience life as it was in the mid-1900's in Montana.

Project Description

Briefly identify the major activities and materials involved in your project.

The Big Horn County Museum offers a hands-on activities for elementary schools in the surrounding area. Activities take place near or inside the museum's restored buildings. The primary goal for students is to have an opportunity to experience life as it was in the mid-1900's.

Activities and educational lessons include: Native American Hand Games, Setting up a Crow Teepee; Making Ice Cream; Churning Butter; Experiencing Class in a One Room School; Old Fashioned Games, Rope Making and much much more.

Professional Development

If your project includes professional development how will it improve student performance?

NA

Project Timeline

When will you implement your project?

In May of 2014.

Plan for Evaluation

How will you evaluate student outcomes for your project?

We will evaluate the student outcomes through this experiential activity, and through an essay comparing and contrasting life as it is now and life as it was in the 1900's.

Project Budget
