## Report Fields

---

### Project Name\*

Name of project

Mini iPad for my minis

### Amount Requested

Amount requested on application.

\$299.00

### Grade Level

Please select grade level below.

Primary (K-3)

### Primary Subject Area

Please select the primary subject area of your grant.

Technology

### School

Please select your school from the list below

Big Sky Elementary

### Number of Students Served

Please enter the number of students that will be served by this grant.

20

### Project Cost

What is the total cost of your project?

299

### Statement of Need

Please describe the need for this project. For example, how will this project impact student learning?

My first graders thrive with the use of technology. You can immediately see that they become more engaged. I would like a mini iPad to devote exclusively to my classroom. I will use the iPad to integrate technology into my classroom. I am currently in my first year of TILT in the district. I would love to incorporate the technology from my training into the classroom.

## Primary Goal

Please describe the primary goal of the project and how it blends with School District 2 goals and curriculum.

The goal is to have all of my educational apps in one location so I could efficiently and effectively implement technology within my classroom. Also, I could quickly access bookmarked websites and show educational videos from YouTube. I could quickly access the virtual field trips for Lead21. I could also use the iPad to record students progress in reading and writing and make this information available to parents through the app Three Ring. Finally, I could use the app to help with classroom management using the Class Dojo app.

## Project Description

Briefly identify the major activities and materials involved in your project.

I will use the mini iPad to enhance my lessons with technology.

## Professional Development

If your project includes professional development how will it improve student performance?

I am currently in Phase 1 of TILT. I would like to use what I have learned and will learn in the next two years in my classroom.

## Project Timeline

When will you implement your project?

As soon as I am able to purchase the mini iPad, I will organize my educational apps and start to create lesson plans where I can use the iPad to enhance the lessons. I would like to use the iPad in the 2014-2015 school year and beyond.

## Plan for Evaluation

How will you evaluate student outcomes for your project?

Throughout the year, I will assess my students in many different areas. Depending on the activity, I could either do a formal or informal assessment to see how the lesson with the implemented technology turned out. I will monitor student participation during these lessons to see if I am also effectively using the technology.

## Project Budget

Please explain how the funds from this grant will be spent to support your project goal. You can either type or upload a project budget to show how funds will be used. Please identify other funding sources if applicable.

I need the \$299 in order to purchase the mini iPad 16GB. If I can't get the full amount from this grant, I would ask my PTA to supply whatever funds were needed to make the final purchase.

## Supervisor Approval\*

I have received approval from my supervisor to apply for this grant.

yes
